UNITED WAY....IMPACTING LIVES - TODAY, TOMORROW AND FOREVER.

How would you like to have an impact past your lifetime that will continue to help people in need in our community?

United Way of Wyoming Valley, founded in 1921, as the Community Welfare Federation, has a successful 85 year history of being a leader in providing support to numerous local health and human service agencies.

History has shown that the amount of money raised during the annual community-wide campaign can fluctuate from year to year. To keep pace with the ever-changing needs in our community, United Way must constantly adjust its fundraising course.

By giving to United Way of Wyoming Valley's Endowment Fund, or by making a gift through your estate to United Way's Planned Giving Program, you help sustain the mission of United Way "Impacting Lives - Today, Tomorrow and Forever."

Your gift to the Endowment Fund or Planned Giving Program is like a deposit into a savings bank. United Way can use these monies in times of natural disaster or local emergencies, and they will enable us to support programs that could not be funded with limited campaign revenue.

A growing number of our contributors have made long-range estate plans and included a charitable bequest for United Way of Wyoming Valley. This allows them to invest in and build their community for generations to come. If you have done so, we'd very much like to hear from you. Perhaps you would like your bequest to honor someone special in your life or to be directed to a specific use. Knowing of your desires in advance helps ensure that your wishes are met. Your wishes can be recognized or held in confidence.

If you have not yet made a charitable bequest but would like more information about planning options available, please contact me at United Way (570) 829-6711 ext. 232 or email (gморre@unitedwaywb.org).

Sincerely,

Grace Morreale
Vice President
Major Gifts and Planned Giving

**Thank you for your support of United Way.
Your thoughtful gifts continue to enrich the lives of many.**
